How can we help you?

Trends in

City Beautification

Bridges

Squares and Pedestrian Ways

Railways and Motorways

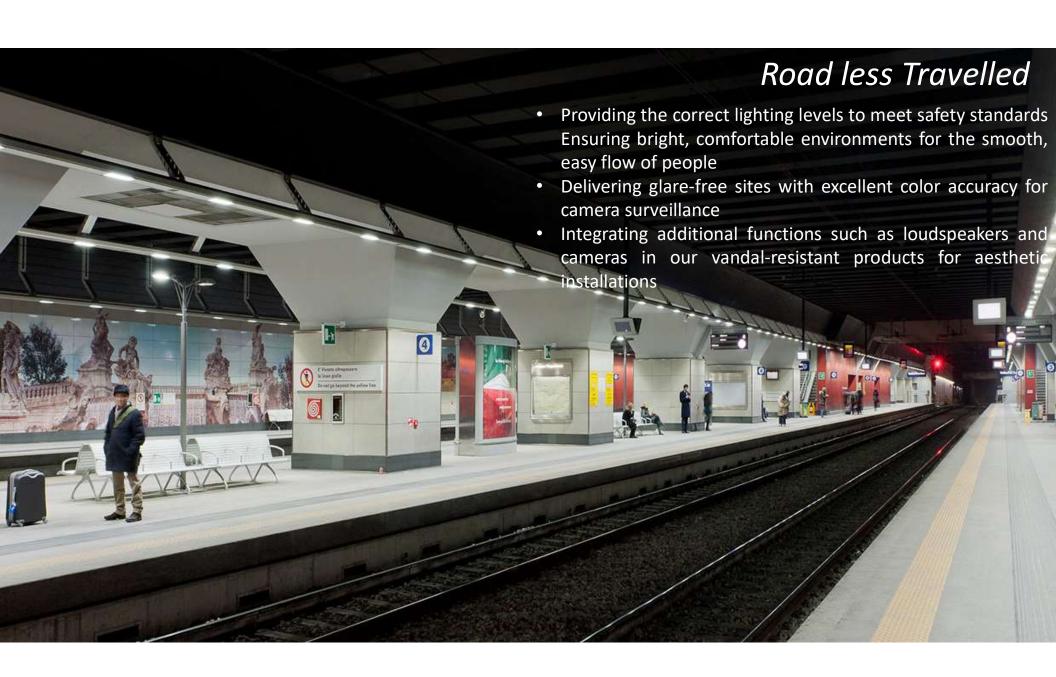

Bike and Pedestrain ways

Urban and residential streets must create public realms that let people interact with each other and the environment. Make your streets better places to live, work and play with well-designed night-time lighting.

Key Trends

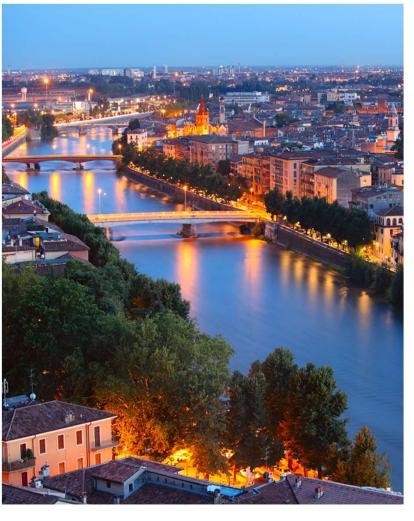

- Road safety and street security
- Night- time economy
- Quality environment
- Reduction of carbon footprint

Introducing ...TownGlow

"Timeless Elegance"

Signify' offer

for City Beautification

- Exquisite, stylish yet classic design to beautify your space
- State- of-the-art LEDs and drivers ensure better lighting performance and reliability
- Comfort and safety for urban
- Future-oriented

From Classic to Modern

- Perfect homogeneous lighting without any shadows cast.
- Glare free effect with excellent visual comfort
- Professional design to ensure reliability
- ❖ A sustainable and future proof choice

Best-in-class Lens Design & Optics Integration

Energy efficient

It comes with High Performance LEDs

Die Cast Aluminum body

Light ,Durable & Impact resistant

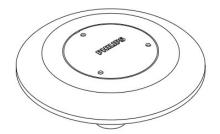

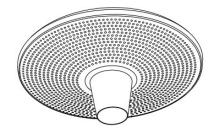

UV resistant Semi-Transparent Diffuser

Integrates well with the landscape
With Dimple effects for uniform lighting
Best in aesthetics

Colors Options

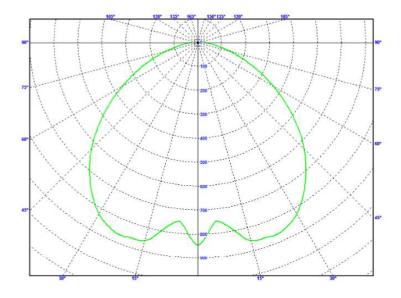

Available in Cool White(5700K), Neutral white(4000K) & Warm White(3000K)

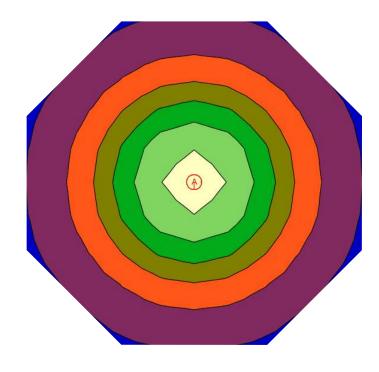

Photometrical data-BGP300

Polar / Cartesian Intensity Diagram

Reference product: BGP300 LED50 757

Efficiency: >110 lm/W

Average lighting level~20 lux @4mtrs Pole height Wattage considered : 35W 4000K

TOWNGLOW: LED POST TOP

Optimum lighting performance

☐ max. 45W, 5K lumens, >110lm/W@5700K CRI70

Robust quality

☐ High Pressure Die Cast aluminum material, with Integrated optics

☐ IP66(no glue)/ IK08 protection

Durable lifetime

☐ Philips LED driver and 10KV Series SPD

Multiple Choice of CCTs for Design Requirements

☐ 5700K,4000K and 3000K

Steady Optics

☐ Polycarbonate cover with Crystal like optics

Specifications

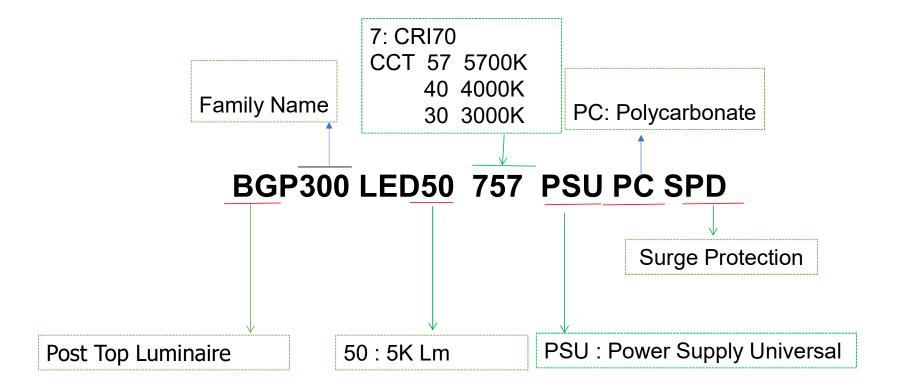

S No.	Description	TownGlow BGP300	
1	System Lumen	25W@110lm/W,35W@115lm/W,45W@110lm/W	
2	ССТ	5700K,4000K,3000K	
3	CRI/ SDCM	70 , <5	
4	Electrical Insulation	Class - 1	
5	IP/ IK	66 / 10	
6	Serviceability	Class B	
7	Efficacy	>110 lm/W	
8	Driver specs	120-277V,Surge 4KV, Auto Restart, High Cut off (>325 V), Auto Restart, THD < 10% at full load	
9	Dimensions/Weight	Dia. 450mm , 4 Kg(Nominal)	
10	Housing Material / Finishing	Pressure Die Cast Housing / UV protected diffuser	
11	Optical Covers	Optics: Polycarbonate diffuser	
12	Mounting	On the Pole (Dia. 60mm)	
13	Approbation	BIS	
14	Control	1-10V (on request)

How to read the Cat ref/ Options

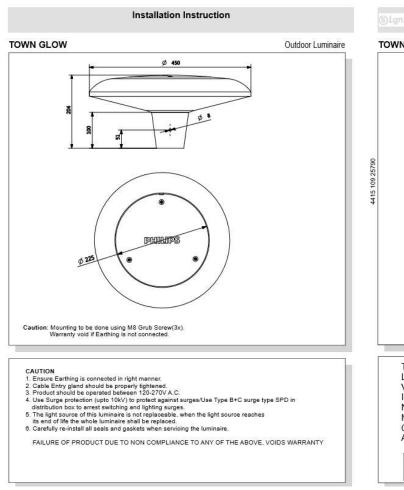

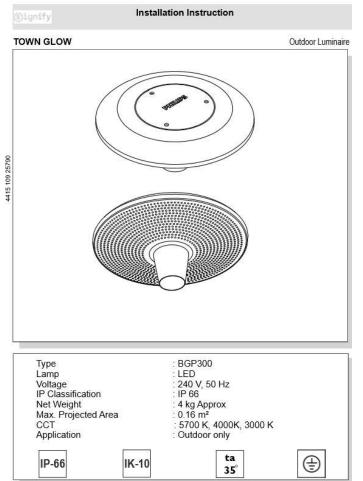

Dimensions Mounting Instruction

Caution: Mounting to be done using M8 Grub Screw(3x).
Warranty void if Earthing is not connected.

A lighting service that fits your business needs

Advisory services

Clear insight into your current lighting system, how it can be improved, and the benefits you would gain

Project services

Design, control and coordination activities necessary to take a lighting solution from the drawing board to reality

Lifecycle services

Variety of project after-care contracts that cover all aspects necessary to guarantee longlasting, hassle-free performance

Lighting capital

This enables you to acquire a state-of-the-art, business enhancing solution immediately — with little to no upfront capital investment required

We listen to

and understand your needs

Global presence and local experience delivering multi-tiered support

One-stop shop: solutions and services across the lighting value chain

World-class innovation capabilities and deep application and system expertise

Proven record of quality and reliability – no unpleasant surprises
